BEACHPORT

The Beachport Golf Club is a nine hole, 2700m course located at the entrance of the town with lovely views over the ocean and township, with easy access to local shopping, accommodation and eateries. There is something for everyone at Beachport with walking trails, fishing, surfing, tennis courts, playgrounds, picnic areas, cinema, bowls, sailing, scenic drives and museums. Sandy beaches stretch around Rivoli Bay offering great surf and safe swimming, while Bowman Scenic Drive allows visitors to explore the coastal dunes offering spectacular views of the rugged coastline of the Southern Ocean.

Settled in the 1830s as a whaling station, today Beachport has a busy lobster fleet. You can take a walk 770m down the second longest jetty in South Australia to admire the boats or throw in a line. The Pool of Siloam, seven times saltier than the sea is reputed to bring relief for arthritis and rheumatism, or aching muscles after a round of golf! Lake George is a popular area to sailboard, kayak or view the magnificent birdlife.

Other attractions include the "Woakwine Cutting", an engineering feat one kilometre long through the Woakwine Range made by two men and a D7 tractor, located 12 kms north of Beachport with excellent views from the viewing platform. The Beachport Visitor Information Centre can provide the latest details on the spots to visit in and around the town.

Don't miss your chance to play on one of SA's best 9 hole courses – Beachport is an enjoyable course whatever the conditions!

ROBE

Robe has been a favoured place to visit ever since it was settled over 150 years ago. Built on the shores of Guichen Bay and surrounded on three sides by sea it experiences a milder climate than the surrounding areas in both winter and summer, rarely reaching 35 degrees. Many old buildings are still in use today. The establishment of a heritage trail is a recent addition to the attractions of the town. Blue plaques on the front of old buildings provide a brief history of their existence. Other attractions include the famous Obelisk, The Old Gaol, a refurbished Customs House and upgraded Royal Circus and the Beacon Hill Lookout. All attractions are easily accessible by car, bike or on foot.

Robe has a large number and variety of places to stay ranging from motels, self contained units, beach houses, caravan parks and B&B accommodation. The tourist centre can assist those who need help finding somewhere to stay.

The golf course is now, for the first time in its 95 year history, an 18 hole links style course. November 2019 the club opened 6 new holes which was nearly 10 years in the planning.

The addition of the new holes, professionally designed by Neil Crafter from Crafter and Mogford Golf Strategies, gives Robe Golf Club three very distinct loops of six holes. From the original holes on the flat to six holes through undulating country towards the lighthouse and now six spectacular holes through the dunes with ocean glimpses.

Visitors to Robe are also able to enjoy a wide variety of non-golfing experiences such as fishing, surfing, swimming, sailing, skiing, retail shopping, dining out, socialising at the club house or just lounging on our beautiful beaches. Other attractions such as wineries, caves and lakes are within easy reach of Robe.

KINGSTON

Known as the Gateway to the South East coast, Kingston, set on the shores of Lacedpede Bay, is one of the most recognised tourist destinations in the South East of South Australia. "Larry the Lobster" is situated on the Princes Highway at the entrance to the town, and the Cape Jaffa Lighthouse is on Marine Parade; other interesting attractions are the Coorong, Mount Scott and Butchers Gap Conservation Parks, with many bushwalks, the Analematic Sundial – one of few in the world, the Granites and several museums. More information can be found at the Tourist Information Centre, based in the Kingston District Council Office.

Our beaches are claimed to be the safest in Australia and the Wyomi and Pinks Beaches can offer the whole family a variety of activities whether it be scuba diving, windsurfing, sailing, fishing from the beach or a boat, swimming or just to relax. The Kingston and the Cape Jaffa jetties offer great fishing spots.

The Par 72 Kingston Golf Course is situated 1 km south of the town and has been extensively redeveloped and redesigned over the last few years. Although no sand bunkers, the addition of many dog legs, grassy hollows and mounds have made this 18 hole course a challenging and interesting one. The greens and fairways are well watered and well maintained and a credit to the Grounds Committee, the Greenkeeper and his band of volunteers.

Other sporting activities available are tennis and bowls. Several new businesses have opened recently, giving the town a wide variety of retail outlets. Kingston is well worth a stay before travelling on.
